MILLING PROMOTION

FACE MILLING // DOUBLE-SIDED

VOLUM³

DNT-2024-09

DAPRA[®]

WORKHOLDING • INDEXABLE MILLING • POWER TOOLS

QUAD-X2[™] Double-Sided Square Insert Availability

1/2" IC SHORT WIPER

› Capable of excellent surface finishes.

1/2" IC CORNER RADIUS

› Reduced cutting forces.

"D" Edge: Honed edge provides high-shear cutting action that minimizes tool pressure, temperature build-up, and burr creation.

"N" Edge: Enhanced-Flat, T-land insert face combines strength and shear.

"T" Edge: Strong, negative edge directs cutting forces tangentially providing strength and durability.

QUAD-X2 Inserts
